JANUARY 2010

Happy New Year!

Every New Year brings the great occasion of making good resolutions to enrich or to improve our lives

Perhaps you already have yours...

Allow me to suggest one or two or more, which will certainly enrich your life and reach out to thousands more in the Rio Grande Valley.

It's all about education!

- 1. Whatever you do to support public broadcasting in the Rio Grande Valley ultimately will improve the quality of life for everybody at our home.**

Children will be highly empowered to develop their skills thanks to our daily delivery of the best quality educational programs for children in English and in Spanish on KMBH-DT.

Families, youth, seniors, just everybody will be endowed with the precious gift of culture and education through our fine music and in-depth news coverage on Public Radio 88FM-HD.

- 2. Your financial support through 2010 to KMBH-DT and to Public Radio 88FM-HD will transform into a continuous shower of great programs where education and culture are presented on Radio and TV with the entertaining experience of NPR and PBS. Now with V-Me on TV added for a wonderful rapport in Spanish.**

- 3. If your time allows, please consider serving our community as a volunteer of KMBH-DT and/or Public Radio 88FM-HD.**

Our two Advisory Boards, one in McAllen and another one in Harlingen are open to receive your application to become a Board member and represent the interest of the community regarding the best TV and FM programs.

Our Board of Directors is another level of service, open as well to receive your nomination for this governing body which renews every year and is composed of committed volunteers who are responsible for the highest mission regarding public broadcasting in the Rio Grande Valley: to develop and to implement policy in order to ensure the best response of RGV Educational Broadcasting to the educational expectations and needs of the people of the Rio Grande Valley.

While you consider any of these resolutions, accept our best wishes for a happy New Year 2010!

Thank you for your support throughout 2009!

*Msgr. Pedro Briseño
General Manager*

You need us and we need you...

You like to make up your own mind. That's one reason you listen to Public Radio 88FM-HD

NPR news programs and Public Radio 88FM music programs bring you multiple sides of important stories and a variety of musical cultures.

That's one reason we hope you'll find it worth supporting Public Radio 88FM HD in 2010 with a financial contribution.

Keep information, culture and music thriving in your community!

Ready To Learn

Learning to Count

Learning to count is a necessary skill for children. If you make learning fun, your child will have an easier time learning new concepts such as counting.

Usually, children learn to count using their fingers, but there are many other things they can count that they come across in their everyday life. Make it a routine to count out loud everything that you see when they are with you. They will not even realize they are learning something at all. For example, when setting the table for dinner, have them help you count the chairs, the plates, silverware, glasses, etc.

At the grocery store they can help you count how many vegetables, fruits, or canned goods you are putting into your grocery cart.

Your child will pick up on the counting and will soon be counting on their own within a few weeks depending on how often you practice with them.

Print out the activity below and start counting!
